

WORKING OUTLINE PUBLIC FACILITIES, SERVICES, AND SAFETY ELEMENT

This working outline is meant to help frame the discussion on the element and will be revised based on input during the community plan update process.

PUBLIC FACILITIES GOALS *(Draft)*

- Police and fire and rescue services in accordance with City standards.
- Public facilities, utilities, and infrastructure that support the Clairemont community
- A full range of healthcare facilities within the community near transit

INTRODUCTION

The Public Facilities Element addresses the provision of public facilities and services within Clairemont as well as the health and safety issues affecting the community. Parks, public spaces, and schools are vital to support a growing population, and police and fire and rescue services and facilities are essential for public safety.
